HUNTING GUIDELINES

Please print the email you received which serves as SLT's acknowledgement that you intend to hunt on specified SLT preserves.

You can show the email to any game warden or other law enforcement official, and refer them to our office if they have any questions. Broadturn Farm is the only SLT location where you need to display an SLT-issued notice on your vehicle's dashboard.

1. SLT property, while open to all, is private property. Please adhere to all state and federal laws, SLT Guidelines, and ethics pertaining to use of private property. Reference our website or the trailhead kiosks for specifics.
2. All gear (except game cameras labeled with your contact info) must be carry-in, carry-out for each trip. No gear is to be staged earlier than 30 days before a season or left longer than 30 days post-season.
3. Ladder stands are not allowed on SLT lands unless you meet SLT's accommodation guidelines and have explicit permission from SLT. Climbing/hang-on stands are allowed but must leave with you after every visit.
4. No cutting, nailing, marking, or drilling of trees or other vegetation is permitted.
5. The Town of Scarborough does not permit rifle hunting (Ordinance 603) without permission from the landowner. In deference to that policy, we do not allow rifle hunting.

Special Notes:

Fuller Farm Preserve: Trapping is ONLY permitted at Fuller Farm Preserve and SLT must be notified. It is not permitted on other SLT lands.

Broadturn Farm: Only certain portions of the property are open to hunting. See property map for details and refer to the small yellow signs in the woods that indicate the extent of the hunting area. Hunting is not permitted in the fields. Park only on paved roads. Don't park on or block the gravel roads – Broadturn Farm is an active farm! You're welcome to drive in on **gravel roads** (NOT hiking trails) to haul out a deer if you need to. You must display a BTF Hunting permit on your vehicle's dashboard.

Libby River Preserve: Archery hunting only. Note that the hiking trail begins on land owned by Ketcha Outdoors, which does not allow hunting. You may carry your equipment across Ketcha's property, but do not hunt until you are on SLT land, and of course, don't shoot onto Ketcha's property.

Hemlock Grove: Archery hunting only. No more than three vehicles parked nose-in at the end of Saratoga Ln. Absolutely no parking on the shoulder or on the grass. Parking is first come first served.

Public safety is our number one concern. Please use caution and courtesy when deciding where to hunt. As I'm sure you know, Maine has an excellent record of cooperation between hunters and non-hunters. Let's work together to make sure everyone stays safe!
